

Light Stand 4.10 m

Reference: SSB-BSTAND410CM

- Payload: 5 Kg
- Maximum height: 410 cm
- Folded length: 122 cm
- Mounting: long neck spigot 70x16 mm
- Material: aluminum

Product description:

This versatile tall aluminum light stand with long neck spigot 16 mm is suitable for studio and location work.

The maximum height of the stand reaches 410 cm and the stand must be used with a sand bag to stabilize the base on outdoor shootings, as a safety measure.

The stand features a spring protection mechanism against accidental collapsing.

The black anodized finish of the stand eliminates any unwanted reflections, making it suitable also for studio applications.

Compatible with:

- CineLED EVO series
- CineFLEX series
- Redhead 800W / Blonde 2000W
- Fresnel Junior 150W / 300W / 650W / 1000W
- D-Lite 400
