

Combo Light Stand 170 cm - Low Mighty

Reference: SSK-COMBO170CM

- Payload: 40 Kg
- Maximum height: 175 cm
- Folded length: 100 cm
- Mounting: combo 5/8" pin & 1-1/8" receiver
- Material: stainless steel

Product description:

This robust heavy duty combo stand is suitable for supporting heavy fixtures at a lower distance from the ground, comparing to other combo stand versions. A 40 kg weight fixture can be positioned anywhere between 85 - 175 cm in height.

The combo stand features a dual mounting function: 5/8" (16 mm) stud and 1-1/8" (28 mm) receiver in order to fit any type of lighting fixture or studio accessory with baby or junior mount.

The double braced legs with squared section (25 x 25 mm) ensure a good stability and support. The stand also features a leveling leg or a "rocky-mountain" leg to stabilize the load on uneven terrain.

The stand's central column can be positioned to rest directly on the ground, taking over most of the load.

The combo stand is assembled using stainless steel bolts instead of rivets for simpler maintenance

The scratch resistant chromed finish prevents oxidation and gives the stand a more polished look that is easier to blend into the outdoor daylight shootings.

Product features:

Weight: 8.5 kg
Stand type:: Combo stand
Mounting: Stud 16mm (5/8") & Receiver 28mm (1-1/8")
Maximum height: 175 cm
Minimum height: 85 cm
