

# Combo Roller Base

Reference: SSK-COMBOSTBASE

- Payload: 30 Kg
- Height: 35 cm
- For mounting lighting fixtures in low positions
- Dual mount: 16 mm pin & 28 mm receiver
- High density plastic wheels

## Product description:

Roller stand base designed for mounting lighting fixtures in low positions in a studio.

The universal stand top comes with both 16 mm (5/8") pin and 28 mm (1-1/8") receiver to mount the lights.

The high density plastic wheels with bearings inside and rubber coating increase the mobility of the stand base and ensure a smooth and silent rolling on most studio surfaces.

Each wheel is provided with individual brakes to lock the combo base stand into position.

**Product features:**

Weight: 4.9 kg

Stand type:: Combo stand

Mounting: Stud 16mm (5/8") & Receiver 28mm (1-1/8")

Maximum height: 35 cm

Minimum height: 25 cm
