

Double Rail Carriage

Reference: SHX-DCARRIAGE

- Dual track carriage
- Provided with brake on one carriage
- Rubber wheels with bearings inside
- Silent and smooth movements

Product description:

Dual track carriage provided with brake only on one carriage.

When the carriage with the included brake is mounted on the rail, it is locked into position, enabling the mobile rail to slide.

When the carriage with the included brake is mounted on the mobile rail, the sliding of the mobile rail gets blocked, while the carriage can freely slide on the fixed rail.

Rubber wheels with bearings inside for silent and smooth movements.

Thick "U" metal frame.
