

Pro Clamp with Grip Head

Reference: GGX-PROCLGHEAD

- Pro-Clamp + Grip Head with Hexa Spigot
- Detachable design, can be used individually
- Grip Head jaws diameters: 19/16/13/8/6 mm
- Non-slip toothed friction pad
- Larger sized locking handle for maximum torque
- Anti-slip handles for better grip
- Pro Clamp fits on 10 to 60 mm diameters
- Adjustable "L" handle for pro-clamp

Product description:

This combo Pro-Clamp with Grip Head allows to hang flags, arms or other accessories in places where baby stands or c-stands can't reach. Thanks to the versatile design of the Pro Clamp (aka super clamp or convi clamp) the flags or arms can be securely gripped by various round or flat surfaces up to 60 mm thickness.

The detachable design allows the Pro-Clamp to be used individually when needed. The grip-head can be used with other mounting accessories using the built-in hexa spigot.

The Pro-Clamp's jaws are padded with rubberized layers to prevent slipping from surfaces when installed. Also the adjustable "L" handle helps to easily and firmly tight the clamp into position.

The Grip Head toothed friction pad surface ensures a firmly grip and a precise position with non-slip effect, while the over sized "T" locker ensures a maximum torque when tighten.

- Grip head jaws diameters: 19/16/13/8/6 mm
- Fully metal made
- Weight: 1 kg

Product features:

Overall size: N/A
Weight: 1 kg
Mounting: Stud & Receiver 16mm (5/8")
Maximum payload : 15 kg
Material: Steel alloy
Color: Black
Grip type: Clamp
Openings: 19/16/13/8/6 mm
