Product description:

Double Grip Head with non-slip T-Top rubber grip handle and center 5/8" receiver, designed exclusively to be mounted on a light stand with 16 mm spigot.

This double grip head is designed to mount lights, light modifiers, scrims, flags, cutters, and other lighting accessories onto light stands.

Versatile accessory, provides the flexibility of a second grip head allowing hundreds of uses including doubling up

scrim and flags.

The aluminum friction pad with toothed surface ensures a firmly grip and a precise position.

The grip body is made from cast aluminum.

Larger T-handle with anti-slip surface for maximum torque when tighten.

Can be used with a c-stand or baby stand (accommodates both short and long stud using the dual position of the screw-in locking system).

- Jaws diameters: 19/16/13/8/6 mm (5/8", 1/2", 3/8", 1/4")
