

6m Extension Cable for CineFLEX Bi-Color

Reference: LLA-EXTCAB4FT2LXL

- Extension cable for CineFLEX 100-150-250 Bi-Color
- Adds between power controller & lamphead
- Length: 6m

Product description:

Extension cable for CineFLEX 100W / 150W / 250W Bi-Color LED mats which allows to increase the distance between external power controller and fixture's lamphead.

Especially useful when mounting the CineFLEX in tight spaces or when there is a need to

control the CineFLEX from a longer distance. Adding this extension will increase the total cable length to 12m.

- Extension cable length: 6m
- 4 cores cable
- Does not fit the RGBW version
