Product description:

The handle for TubeLED Ultra Soft Bi-Color is designed for securely carrying and easy operating the LED tube, providing an overall design of a saber from the well-known famous movies.

The rubberized textured surface ensures a firm, non-slipping grip.

The handle features a 1/4" screw with counter nut on one end to attach the TubeLED and a 3/8" on the other end to mount the fixture on different studio accessories like booms, clamps and light stands.

- Length: 155 mm
- Weight: 150 g
