Product description:

This transport soft bag is designed for the DayLED 1000 Bi-Color LED panel, indispensable for location assignments.

The soft, thin profile facilitates storage and shipping. The bag's walls are made from high-density 1 cm thick foam, covered by a tough nylon, providing some protection to the lighting fixture.

The grab handle is large enough to work as a shoulder strap also.

Interior dimensions: 54 x 35 x 11 cm
