

Wall Plate with Swivel Spigot 16 mm Pin

Reference: GPX-K11092

- Swivel joint for fine-tuned orientation
- Mounting base size 15 x 8 cm
- Pre-drilled M8 & M6 holes
- Fully made of chromed steel
- Large handle for lock firmly into position

Product description:

Wall plate with swivel spigot 16 mm for mounting lights and accessories on walls, ceilings or any flat surface.

Also known as "wall plate with swivel baby pin" or "wall plate with EZ Finger".

The swivel joint has a tilting angle from -45° to 90° and 360° rotation allowing for a fine-tuned orientation of the mounted lighting fixture or accessory.

The large tightening handle with anti-slip cover combined with the ribbed swivel ball head ensure a secure and firm lock into position.

Thick mounting plate 150 x 80 x 4 mm. Pre-drilled four M8 and four M6 holes.

Completely made from chrome-plated steel for high strength and rust free.
