

Double Articulated Arm 3 Sections

Reference: GEX-DARM3SEC

- Articulated arm for lights & accessories
- Aluminum tubes construction
- 4 hybrid heads (mini double grip heads)
- 16 mm spigots at the ends
- Each section length is adjustable
- Maximum length: 85 cm

Product description:

Double articulated arm for mounting small lighting fixtures or accessories into various positions.

Made from aluminum tubes and hybrid heads (mini versions of double grip heads). Both ends are equipped with baby pins: one 16 mm spigot and one 16 mm spigot with 3/8" thread.

The joint hybrid heads are equipped with toothed friction discs for a solid grip and precise position.

Each section length can be adjusted using the hybrid heads to lock the dual aluminum tubes in position.

- Weight: 0.8 Kg
- Maximum length: 85 cm
- Folded length: 33 cm
