

Battery Adapter 6 AA to Sony DV NP-F Mount

Reference: PAX-BATBOXNPF

- Battery adapter with SONY NP-F mount
- Uses 6 AA batteries
- Compatible with CamLED & EVO S series
- Can replace any NP-F type battery

Product description:

Battery adapter with SONY NP-F mount which uses 6 AA batteries to power a LED light with compatible mount.

This battery adapter is very useful for situations when the dedicated Li-Ion NP-F battery runs out of power and you need to find a quick solution to continue using the camera light.

The AA batteries are very common and can be found at any local market.
