

# USB to Multi Plug Cable Adapter

Reference: PAX-USB2MPLUG

- DMX signal cable adapter
- XLR 3P (male) - XLR 5P (female)
- 30 cm length

## Product description:

The 10 in 1 multi charger cable features most popular mobile device connectors.

The USB 2.0 end cable is compatible with a wide range of devices, but for those who work in the photo-video industry, the newest V-Lock Batteries 14.8V (160Wh, 190Wh, 280Wh) are the

ideal solution for charging any mobile device using this multi plug cable.

The 10 different mobile device connectors include: Nokia 2mm pin, Nokia 3.5mm jack, Nokia Micro-USB jack, Sony Ericsson wide terminal, Samsung 1 pin, Samsung 2 pin, LG 18 pin, HTC Mini-USB jack, Sony PSP terminal, iPod / iPhone terminal up to the iPhone 3GS.

Portable and lightweight, the cables are 19 cm long and weight only 35 g all together.

The cables are used for power charging only, not for data transfer.
