Product description:

We recommend this portable 3-point LED lighting kit to location photographers and videographers who seek for a compact yet powerful LED kit configuration, perfect to be used where the AC power source is limited or unavailable.

This is a basic lighting kit including 3 x CineLED EVO "M" - 5600K LED panels and a transport bag for convenient handling and storing all the kit's components. Optional accessories like honeycomb grids, softbox kits and batteries are available for the CineLED EVO "M" panels.

Additionally, three 2.80 m baby stands with transport bag can be added to the kit configuration for proper mounting the LED panels on both studio and location setups.

BONUS! One [Focus - Exposure - White Balance Panel](#) will be included in this kit.
