

SpaceLED 800W Bi-Color

Reference: LLP-SPACELED800BIC

- Power: 800W
- Color temperature: 3000K-8000K | CRI
- Fixture height: 27 cm
- Diameter: 60 cm | Total weight: 18.6 Kg
- White diffusion silk skirt height: 50 cm
- Black opaque silk skirt height: 70 cm
- Chinese lantern look soft LED light

Product description:

Industry's multi-directional lantern look light

The Cinelight SpaceLED 800W is the latest solution in terms of studio lighting for photographers and videographers looking to evenly illuminate large area setups. The SpaceLED provides overall scattered light and is commonly used hanged on studio installations to fill the setups with a general soft overhead lighting. It is also an excellent light source for exterior setups to simulate the skylight.

Bi-Color & dimmable high power LED's

The SpaceLED uses four LED nooks mounted around the center of a heavy-duty solid steel frame.

The total output is a 4500W tungsten equivalent, while drawing only 800W. The LEDs are fully dimmable, with an extended color temperature range from warm light 3000K to icy blue 8000W. The proper thermal management of the lamp is provided by a quiet active cooling system. This allows for the fixture to operate at high power levels, maximizing the LED's operating life. The cooling fans can be turned off when total silence is needed.

Controller with touch display

All the adjustments on the SpaceLED can be made via the included controller box with dimming knobs and touch digital display that shows the color temperature and light intensity values and also the DMX or radio channel number for remote operation.

DMX512 & 2.4G touchscreen remote

The SpaceLED 800W is supplied with DMX512 capability with two XLR 5P in/out DMX ports allowing for the brightness and color temperature to be controlled remotely from a DMX lighting console, making it suitable for TV studio installations, theaters and stages. Also, the SpaceLED features built-in support for the included digital radio remote with intuitive touch screen controls, so adjustments can be made on one or several SpaceLED units from up to a 50 m distance.

Versatile Chinese lantern look fixture

The SpaceLED 800W can only work hanged by the included chains to a compatible hook or rig. The white silk skirt with detachable bottom diffusion can be used to soften the light and get that Chinese lantern effect. The black skirt dramatically reduces the sides light spill and creates a directional light while keeping it soft.

Solid metal construction with stackable design

The rugged sheet metal construction of the lamphead features black powder coated enamel finish resistant to intensive use. The stackable design of the SpaceLED allows to safely stack the units for storage when are no longer being used.

Key Features:

- 4 x 200W LED lights mounted around a solid steel frame

- 4500W tungsten equivalent output, draws only 800W
- extended color temperature from 3000K to 8000K
- fully dimmable, no color shifting
- power controller box with dimming knobs and touch digital display
- built-in DMX controller with XLR 5P connectors
- included 2.4G wireless remote
- can be used only hanged by chains
- includes white silk skirt for multi-directional Chinese lantern look
- includes black skirt for directional downward coned light effect

Product features:

Rated power: 800 watts

Beam type: flood

LED type: Bi-Color

Voltage input: 100-240V 50 / 60 Hz

Color temperature: 3000K-8000K

CRI rating: 96

TLCI rating: 97

Beam angle: 75°

Photometrics : 1m: 10000 lx | 2m: 3600 lx | 3m: 1750 lx

LED no: 320

Dimming range: 100%-0%

Display type: Complex - monochrome

Battery mount: N/A

Plug in connector type: IEC - female

Cooling system: Active

Power source: Internal, AC 100-240V 50 / 60 Hz

Power connector type: CEE 7/7

Power cord total length: 3.5 m

Local functions control: Analog & touch screen

DMX control: Yes

DMX connectors type: XLR-5P

WIFI control : No

Remote control : Yes

Yoke mount: N/A

Housing material: Metal

Housing color: Black

IP rating: N/A

Lamp head weight: 18.6 kg

Lamp head dimensions: 60 x 27 cm
