- Interior dimensions: 28 x 37 x 28 cm
- Exterior dimensions: 30 x 40 x 31 cm

Product description:

Compact Cordura transport bag specially designed for the CineLED EVO "S" panels with matching accessories. Dual directional zippers open quickly to fully expose the interior. The customizable padded interior with detachable Velcro dividers can fit up to 3 LED panels and accessories without light stands.

The bag can be carried using the carrying handles or by the shoulder strap, any way it better suits

one's needs.

The bag's lid is equipped with a zippered net pocket where you can storage lightweight accessories like filters and softbox components.

One great feature of this bag are the reinforced rigid walls for a better protection of the bag during handling and storing. This sturdy construction translates to a prolonged use of the bag.

- Interior dimensions: 28 x 37 x 28 cm
