- Can be used on pipes, truss and flat surface
- Rubber-lined jaws
- Opens up to 60 mm

Product description:

Set of two Pro Clamps (Super Clamps) fastened together at fixed right angle to provide extra strength support for tubes or bars.

The clamp can be dismantled to obtain two individual pro-clamps.

A cammed screw mechanism closes and opens the rubber-lined jaws.

It can attach to round surfaces and flat surfaces from 10 mm to 60 mm width.

The baby pin snaps into place with a spring-loaded lock.
