

Spacelight 3000 watts - 3 lamps

Reference: LTS-SPACELIGHT3K

- Power: 3000W
- Lamp socket: R7S - 117 mm
- Fixture height: 28.5 cm
- Diameter: 49.5 cm | Total weight: 11 Kg
- White diffusion silk skirt height: 55 cm
- Black opaque silk skirt height: 65 cm
- Chinese lantern look tungsten soft light

Product description:

Industry's multi-directional lantern look light

The Cinelight Spacelight 3K is the ideal solution for photographers and videographers looking to evenly illuminate large area setups. The Space Light provides overall scattered light and is commonly used hanged on studio installations to fill the setups with a general soft overhead lighting. It is also an excellent light source for exterior setups to simulate the skylight.

Three 1K nook lights with individual on/off switch

This tungsten light uses three 1K nook lights configured in a circular pattern, pointing down into a white diffusion silk cylinder. Each nook light is equipped with a safety screen to prevent any accident. The lamps can be individually controlled either on a dimmer or by individual on/off switches at the distribution point.

Versatile Chinese lantern look fixture

The Spacelight 3K can only work hanged by the included chains to a compatible hook or rig. The white silk skirt can be used to soften the light and get that Chinese lantern effect, while the black skirt reduces the output for a more directional control. At the bottom of silk cylinder is a round diffusion ring to which a diffusion material or gel can be clipped.

Solid metal construction with bottom legs for storage

The rugged sheet metal construction of the lamphead features black powder coated enamel finish which is resistant to high temperatures. Three included legs can be easily screwed on the lamphead's base to safely stack the Spacelight for storage.

Key Features:

- 3 x 1K tungsten lamps disposed in a circular pattern
- individual on/off switches for each lamp
- dimmable using an external dimmer pack
- can be used only hanged by chains
- includes white silk skirt for multi-directional Chinese lantern look
- includes black skirt for directional downward coned light effect
- the lamphead is equipped with legs for easy storage
- white skirt length: 55 cm
- black skirt length: 65 cm

Package Content:

- 1 x Spacelight 3K fixture
- 1 x white diffusion silk skirt
- 1 x black opaque silk skirt
- 1 x power cable 7m
- 1 x target

Technical Specifications:

Tungsten - Flood

Beam type	flood
Rated power	3000 watts
Voltage input	100-240V 50 / 60 Hz
Lamp type	P2/20 - 114mm 1000W
Lamp socket	R7S
Color temperature	3200K
Beam angle	180°
Photometrics	N/A
Housing color	Black
Housing material	Metal
Power connector type	CEE 2P+E
Power cord total length	3.5 m
Lamp head dimensions	49.5 x 75 cm
Lamp head weight	11 kg
