Product description:

We recommend this portable 3-point LED lighting kit to location photographers and videographers who seek for a compact yet powerful LED kit configuration, perfect to be used where the AC power source is limited or unavailable.

The basic kit configuration includes 3 x CineLED EVO 120W Bi-Color LED panels, 3 x air-cushioned light stands with carrying bag and a Cordura transport case for convenient handling and storing all the kit's components. Optional accessories like honeycomb grids and softbox kits are available for the CineLED EVO 120W panels.
