

# Collapsible Diffusion Flag - 80 x 100 cm

Reference: MRX-CF80100DIFF

- Collapsible stainless-steel frame
- Toolless quick assembly
- 1.5 F-stops diffusion fabric
- Includes transport pouch

## Product description:

Diffusion flag panel measuring 80 x 100 cm features a collapsible stainless-steel frame that doesn't require any tools for assembling.

Can be packed into a small shape factor for convenient location assignments or storage.

Includes a Ripstop type fabric with 1.5 F-stops light loss for diffusing a hard light source,

reducing the contrast and softening the shadows.

To be paired with a grip-head for stand mount.

12 mm diameter rod frame.
