

Combo Light Stand 240 cm

Reference: SSK-COMBO240CM

- Payload: 20 kg
- Maximum height: 240 cm
- Minimum height: 105 cm
- Folded length: 105 cm
- Mounting: combo 5/8" pin & 1-1/8" receiver
- Material: steel

Product description:

Versatile heavy duty combo stand, suitable for supporting fixtures up to 20 kg weight anywhere between 105 and 240 cm in height, to match the studio requirements.

The combo stand features a dual mounting function: 1-1/8" (28 mm) receiver and 5/8" (16 mm) retractable stud.

Double braced legs with squared section (25 x 25 mm) ensure a good stability and support. Optional [stand wheels](#) can be fitted in to increase the stand's mobility.

The stand's central column can be positioned to rest directly on the ground, taking over most of the load.

Assembled using stainless steel bolts instead of rivets for an easier maintenance.

The stand's columns are spring-loaded to protect the mounted equipment against accidental collapsing by absorbing the shock.

Scratch resistant chromed finish prevents oxidation and gives the stand a more polished look that is easier to blend into the outdoor daylight shootings.

*NB: The maximum payload is rated for the stand half-extended.

Package Content:

- 1 x Combo light stand 240 cm

Technical Specifications:

Stands

Stand type:	Combo stand
Mounting	Stud 16mm (5/8") & Receiver 28mm (1-1/8")
