

Combo Light Stand 350 cm

Reference: SSK-COMBO350CM

- Max Payload: 20 kg
- Maximum height: 350 cm
- Minimum height: 142 cm
- Folded length: 142 cm
- Mounting: combo 5/8" pin & 1-1/8" receiver
- Material: steel

Product description:

Versatile, heavy duty combo stand, suitable for supporting up to 20 kg load fixtures anywhere between 142 and 350 cm in height.

Double braced legs ensure a good stability and support. Optional [stand wheels](#) can be fitted in to increase the stand's mobility.

Features a leveling "rocky-mountain" leg used to lean or to level the stand on uneven ground.

The stand's columns are spring-loaded to protect the mounted equipment against accidental collapsing by absorbing the shock.

Assembled using stainless steel bolts instead of rivets for an easier maintenance. All of the stand's knobs are aluminum made and threads are riveted to prevent any loosening.

The combo stand features a dual mounting function: 1-1/8" (28 mm) receiver and 5/8" (16 mm) retractable stud.

Scratch resistant chromed finish prevents oxidation and gives the stand a more polished look that is easier to blend into the outdoor daylight shootings.

*NB: The maximum payload is rated for the stand half-extended.

Technical Specifications:

Stands

Stand type:	Combo stand
Mounting	Stud 16mm (5/8") & Receiver 28mm (1-1/8")
Maximum height	350 cm
Minimum height	142 cm
