

Softbox kit for Studio LED Fresnel - 60x60 cm

Reference: LLA-SB6060LEDFR

- Fit Studio LED Fresnel 200/ 300/ 500
- Includes softbox connector (adapter)
- Includes soft grid
- Softbox size: 60x60x30 cm

Product description:

Softbox kit containing the 60x60 cm tent, connector for Studio LED Fresnel and soft grid, all packed in a transport pouch.

Using the softbox will:

- enhance the light output up to +30% acting as a parabolic reflector when using it without the

frond diffuser

- diffuse the light and smoothen the shadows when the front diffusion fabric is attached
- directs the light and reduce the side spill if the soft grid is attached.

Package Content:

- 1 x 60x60 cm softbox tent
- 1 x white diffusion fabric
- 1 x soft grid / louver
- 1 x softbox connector
- 1 x transport pouch
