

# C-200 Pipe Clamp with M12 Shaft

Reference: GCX-K11096

- Fits on 10 to 55 mm diameters
- For hanging on pipes or truss systems
- M12 screw & threaded shaft
- Dedicated slot for secure wire
- Steel secure wire included
- Fully metal made
- Payload: 100 kg
- As: C-06T, 429629

## Product description:

The C200 pipe clamp with M21 shaft is designed for many hanging applications of lighting equipment or accessories on truss systems or on any pipes having a diameter between 10 to 55 mm.

For hanging lighting equipment or accessories using the M12 screw and the threaded shaft with a fixing point through the yoke / "U" bar.

The oversized locking lever ensures a firm grip on the pipe.

To meet all safety requirements, the clamp's body has a dedicated slot for attaching the included secure steel wire.

The metal alloy and steel construction of the clamp supports loads up to 100 kg.

Similar with other brands clamps: C-06T, 429629.

- Shaft length: 35 mm
- Shaft thread for M12 screw
- M12 screw & washer included
- Clamp weight: 860 g
- Secure wire length: 33 cm / Ø 3 mm
