Product description:

Compact three risers baby stand made from metal tubes with plastic collars and lockers.

This stand is suitable for supporting small lighting fixtures or accessories weighting up to 2.5 kg. The maximum height is 200 cm and it folds down to 69 cm.

The black anodized finish of the stand eliminates any unwanted reflections, making it suitable for studio applications.

Features a 5/8" spigot stud with 1/4" top thread for mounting small, compact LED lights like our CamLED EVO series. or other accessories equipped with 1/4" thread adapter.

Compatible with:

- CamLED EVO "S" / "L"
- CineLED EVO "S"
- Tube LED Ultra Soft
- Tungsten Junior Fresnel 150W / 300W
