

Light Stand 200 cm - Reversible Legs

Reference: SSB-BSTAND200MRS

- Payload: 2.5 Kg
- Maximum height: 200 cm
- Folded length: 49 cm
- Mounting: spigot 16mm (5/8" stud)
- Material: aluminum

Product description:

Compact three risers baby stand with reversible legs made from aluminum alloy.

This stand is convenient for supporting small lighting fixtures on location. Folding down to only 49 cm, the stand can easily fit into any common travelling case.

Having four sections, the support strength is maintained as the fixture is raised; most of the columns remain inside the main shaft.

The black anodized finish of the stand eliminates any unwanted reflections, making it suitable also for studio applications.

Features a 5/8" spigot stud with 1/4" top thread for mounting small, compact LED lights like our CamLED EVO series. or other accessories equipped with 1/4" thread adapter.

Compatible with:

- CamLED EVO "S" / "L"
- CineLED EVO "S"
- Tube LED Ultra Soft
- Tungsten Junior Fresnel 150W / 300W
